## Book Synopsis

Michael Lewis's game-changing bestseller is now available in Encore at a great low price. A small group of Wall Street iconoclasts realize that the US stock market has been rigged for the benefit of insiders. They band together—some of them walking away from seven-figure salaries—to investigate, expose, and reform the insidious new ways that Wall Street generates profits. If you have any contact with the market, even a retirement account, this story is happening to you.
